---

As a highly motivated Frontend Developer with a passion for building user-friendly and exceptional web applications, proven ability to work independently and as part of a team and to meet deadlines and deliver high quality work, I am seeking an entry-level or junior frontend developer role where I can leverage my current skill set to make a positive impact while continuing to learn and grow in the software development industry.

## PROFESSIONAL EXPERIENCE

---

Ajoovest

SEP 2022 – Present

### Frontend Developer

- Collaborated with the design team to develop a fully mobile-responsive landing page that showcases the benefits of the company's products and services and boosts its online visibility.
- Wrote clean, scalable, and maintainable code using ReactJs and Chakra UI.
- Implemented responsive design principles to ensure optimal user experience across all devices.

HNG internship

OCT 2022 – DEC 2022

### Frontend Developer

- Converted several screens provided in the figma file handed off by the design team into fully mobile responsive web pages using ReactJs and CSS.
- Integrated backend API endpoints to implement necessary functionalities like authentication, fetching data to be displayed to users, and sending user inputs to the backend to be stored in the database.
- Implemented error handling and returned user-friendly error messages to the client to enhance the user experience.

## EDUCATION

---

University of Benin, Benin City

OCT 2012 - AUG 2018

### Bachelor of Science, Aquaculture and Fisheries Management

Academic standing: Second Class Honors (Upper Division)

## SKILLS

---

HTML, CSS, Javascript, Git, React, NextJs, Vue, Typescript, Sass, Redux (RTK)
